

## UM joins the International AI Doctoral Academy

The University of Malta, represented by the [Institute of Digital Games](#) through the [AI4Media](#) project, and supported by the [Department of Artificial Intelligence \(Faculty of ICT\)](#) is a founding member of the [International AI Doctoral Academy](#) (AIDA).

The academy focuses on delivering the next generation of core AI advances and training to serve the media sector. Currently, 56 leading European universities, research centres and industry organisations form AIDA's founding board.

The AI Doctoral Academy will foster European talent by providing the opportunity to contribute to the development of the European brand of AI, conduct industry-relevant research through intense mobility, and establish career links within the EU.

*Do you have an example of good QA practice at your unit which you would like us to share?
