

The KSU Buddy System

This academic year, [KSU](#) has collaborated with UM's [International Office](#) to develop the [KSU Buddy System](#). It matches local students with new, incoming international students, in order to facilitate their settling down in Malta and integration on our campus.

The 'buddy' offers support and guidance, especially during the first few days and weeks after an international student's arrival in Malta. Around **100** prospective buddies have so far pledged their support to over **50** international students.

Local students are encouraged to actively engage with international students, fostering opportunities for intercultural growth and exchange of knowledge and experiences.

[Register as a buddy](#) | [Request a buddy](#).
